This panel can be formed through a formal meeting or through a group email/phone conversation.

1. The selection panel will be looking at both ranking and rating as a guide. There will be a **given date** (relevant to age group of County Cup team) on which the rankings/rating will be considered. This date has been determined by the county office to allow time for the selection to take place and players invited with reasonable time before the event. These dates will be published on the county website.

9U orange players who are eligible to play 10U green ball can be selected for the 10U team ahead of green players if the selection panel deem it appropriate.

2. Wildcard entry is by a coach nomination and following a selection panel discussion.

3. If there is a tight decision to be made then rating will take priority for a grade 4 event and ranking will take priority for a grade 3 event.

4. Decision of the selection panel is final and in exceptional circumstances the selection committee reserve the right not to select an individual based on sound and explained reasoning.
